# 18 – 23 AUGUST 2024

APPLY NOW!

FASCINATING ELECTRONICS FOR A COOL WORLD

FREE SUMMER SCHOOL

Apply now for a **free Summer School** in Italy and benefit from this unique opportunity. Learn how you can contribute and make Europe a better place!

This event is located at University Residential Centre Bertinoro, near Bologna, Italy and is supported by key European universities and research institutes.

APPLY BY 30 April 17:00 CEST

Programme

Via lectures, demonstrations and interactive activities, we will introduce some of the possibilities offered by current **Electronic Components & Systems (ECS)** and foreseen future applications, showing the many facets of the fascinating world of ECS.

Eligible Students

Are you a student from the field of **Science, Technology, Engineering & Mathematics** in the EU, have you been enrolled for at least two years of undergraduate studies, and do you have at least one more year to go? Then this is a great opportunity for you!

Application

Apply for a seat in the Summer School **before April 30th**. Selection results will be communicated on May 31st. Participation will be entirely free for selected students. Scan the QR code or visit chipsacademy.eu /summer-school
